

Important Disclaimer Please read this!

Driving is dangerous and requires concentration. Do not allow the Apple iPod to distract you from prevailing traffic conditions. If in doubt, only operate the unit when stationary or ask a passenger to operate it for you.

Keep away from reach of children! This product contains small parts that may separate or break apart from the main unit during operation and could become choking hazard!

Do not submerge or expose to water or other fluids. ICE-Link is NOT water proof and it will be damaged by water. You must properly insulate its casing if your installation environment may subject the unit to water.

Intellectual property included is distributed under specific of general agreement with respective vendor(s). No warranty, explicit or implied is stated, and neither Dension USA, nor any of its distributors, dealers or vendors shall be liable for damages. IN NO EVENT SHALL DENSION USA'S LIABILITY EXCEED THE PRICE PAID FOR THE PRODUCT FROM DIRECT, INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES RESULTING FROM THE USE OF THE PRODUCT, ITS ACCOMPANYING SOFTWARE, OR ITS DOCUMENTATION. Dension ICE-Link is a registered trademark of Dension Audio System LTD, or Dension USA. All other products are registered and copyrighted by their respective owners.

FCC Instruction to the user

This equipment has been tested and found to comply with the limits for a class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment has been verified to comply with the limits for a class B computing device, pursuant to FCC Rules. In order to maintain compliance with FCC regulations, shielded cables must be used with this equipment. Operation with non-approved equipment or unshielded cables is likely to result in interference to radio and TV reception. The user is cautioned that changes and modifications made to the equipment without the approval of manufacturer could void the user's authority to operate this equipment.

Warranty and Support

Dension ICE-Link carries a one year limited warranty that protects you from defects in material and workmanship of products **sold by Dension USA or its authorized agents, distributors and dealers.** If you experience any problem or need help, please contact Dension USA support at www.densionusa.com, or by phone at (562)- 595-5143. To order accessories, call us at (562) 595-5153.

Proof of purchase is required.

Warranty does not cover normal tear and wear, damages due to negligence, improper installation or operation.

Return policy

You must obtain a return merchandise authorization prior to returning us any product. You may return unopened merchandise to place of purchase generally within 15 days of purchase. Please verify your vendor's return policy at the time of purchase.

A 15% or higher restocking fee is charged on all returned merchandise, depending on condition and completeness of product received. Shipping and handling fees are not refundable and shipper must pay all shipping charges. It is your responsibility to insure returned merchandise against loss or damage during shipment.

ice ▶ Link: iPod installation guide

For BMW vehicles
I11_BMW_T

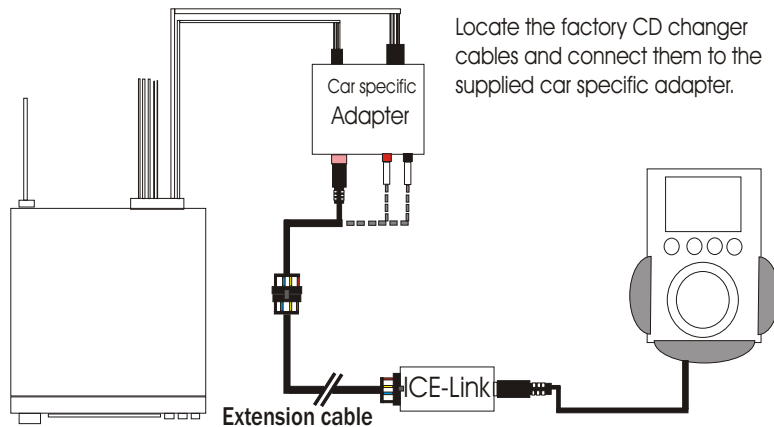

Installation

Please carefully follow these steps. Installation by a qualified technician is highly recommended!

Before performing installation, be sure to have the radio code handy for all E36/3 series and Z3 cars!

- 1) Turn the ignition key to off position (remove key). Locate and disconnect your battery terminals!
- 2) Disconnect your existing CD changer (if there is one) and remove it from the car
- 3) Connect the supplied car-specific adapter to the factory CD changer harness located at the CD changer - not at the back of the radio!
- 4) Connect the ICE-Link adapter's cables to the car-specific adapter as it is shown on the diagram below.
- 5) Double check and make sure all connections are tight.
- 6) Reconnect the battery terminals
- 7) Connect the iPod player and test the system.

The ICE-Link cradle supplies power to the iPod at all times.

BMW / Mini / Land Rover
Non-DSP Stereo system

Never mount the iPod active cradle to be in the way of an AirBag! In case of the explosion of an AirBag any object placed in its path can cause serious injuries!

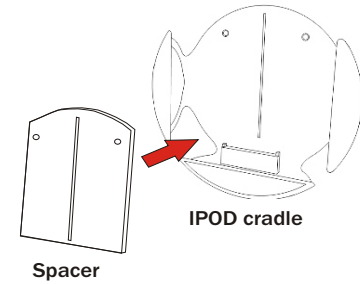

The ice>Link kit will work with 4th generation iPods with firmware 3.0 or later, 3rd generation iPod with firmware 2.2 or later and Mini iPod with firmware 1.1 or later. Please check and make sure the iPod is up to date!

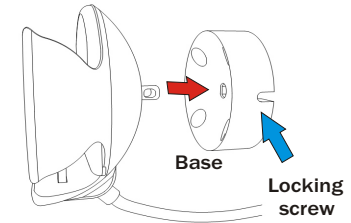

Questions? Call (562) 595-5143 or E-mail to support@densionusa.com

Cradle installation

If you are using 3rd generation 10/15/20 GB iPod with the ICE-Link cradle, you will have to install the included spacer. Simply stick the spacer to the back of the ICE-Link cradle with the double sided tape and press it gently for a few seconds. Don't use the spacer on 30/40 GB iPod!

Mount the ICE-Link cradle base in the car using screws. You may use an optional pro-clip car mount to provide a flat surface. After mounting the base, position the cradle and tighten the locking screw with the supplied tool. **The cradle will only line up in one direction!**

Mounting solutions

We suggest to use an optional vehicle specific PRO-CLIP dashboard mount to provide flat surface for the ice>Link active cradle. For more information call us toll free at 866-822-3673 or visit us on-line at www.densionusa.com
